

# **Code of Behaviour**

## **Introduction Statement**

This policy was originally drafted in March 2003. The policy was redrafted in November 2010 and was ratified by the Board of Management in March 2011. The policy was redrafted and ratified again in 2017 and reviewed and ratified again in March 2023.

## **Rationale**

This policy has been formulated in accordance with the Education Act (1998) and the Education Welfare Act (2000)

## **Relationship to characteristic Spirit of School.**

This code of behaviour recognises the ethos of the school, as a small rural mixed school, under the patronage of the Roman Catholic Church.

The school has a central role in the children's social and moral development just as it does in their academic development. In seeking to define acceptable standards of behaviour it is acknowledged that these are goals to be worked towards rather than expectations that are either fulfilled or not.

As a community environment, in school we must work towards standards of behaviour based on the basic principles of honesty, respect, consideration and responsibility. It follows that acceptable standards of behaviour are those that reflect these principles.

Children need limits set for them in order to feel secure and develop the skills for co-operation. Therefore any rules will be age appropriate, with clear agreed consequences.

Parents can co-operate with the school by encouraging their children to understand the need for school rules, by visiting the school and by talking to the members of staff.

A code of behaviour is established to ensure that the individuality of each child is accommodated while at the same time acknowledging the right of each child to education in a relatively disruption free environment.

## **Aims of the Code**

- To create a positive learning environment that encourages and reinforces good behaviour
- To promote self-esteem and positive relationships
- To encourage consistency of response to both positive and negative behaviour
- To foster a sense of responsibility and self-discipline in pupils and to support good behaviour patterns based on consideration and respect for the rights of others

- To facilitate the education and development of every child
- To foster caring attitudes to one another and to the environment
- To enable teachers to teach without disruption
- To ensure that the school's expectations and strategies are widely known and understood through the parent's information booklet, availability of policies and an ethos of open communication
- To encourage the involvement of both home and school in the implementation of this policy

### **Discipline for Learning (DFL)**

In our school, we have a positive approach to teaching and learning. Positive rules for behaviour in class and out of class are learned by pupils at the beginning of their school year. Pupils are disciplined by being motivated to keep these rules.

We have many ways of recognizing good behaviour and effect including awards, stamps, positive cards, smiles, positive comments and homework passes. Good behaviour and achievement will be recognised. Consistent positive influences are the key to success in our school.

### **Restorative Practice**

Restorative Practice in our school provides a focus on developing positive relationships between all members of the school community. It gives opportunities for pupils to take responsibility for their behaviour and learning. Restorative Practice is a process whereby children are given the opportunity to reflect on their behaviour and how they and others have been affected by it so as to help heal broken relationships and prevent reoccurrence. Where suspension occurs, the school will use restorative practice involving all parties affected to help repair the harm done.

### **Restorative Questions to respond to Challenging Behaviour**

1. What happened?
2. What were you thinking about at the time?
3. What have your thoughts been since?
4. Who has been affected by what you did?
5. In what way have they been affected?
6. What do you think needs to happen to make things right?

### **To help those harmed by other actions**

1. What did you think when you realised what had happened?
2. What have your thoughts been since?
3. How has this affected others?
4. What has been the hardest thing for you?
5. What do you think needs to happen to make things right?

### **Responsibility of Adults**

The adults encountered by the children at school have an important responsibility to model high standards of behaviour, both in their dealings with the children and with each other, as their example has an important influence on the children.

As adults we should aim to:

- Create a positive climate with realistic expectations
- Promote, through example, honesty and courtesy
- Provide a caring and effective learning environment
- Encourage relationships based on kindness, respect and understanding of the needs of others
- Ensure fair treatment for all regardless of age, gender, race, ability and disability
- Show appreciation of the efforts and contribution of all

### **School Rules**

1. We show respect for self and others
2. We show respect for our own property and the property of others
3. We show respect for other students and their learning
4. We are kind and willing to help others
5. WE follow instructions from staff immediately
6. We walk quietly in the school building
7. We show courtesy and good manners
8. We try to use respectful ways of resolving difficulties and conflict
9. We ask permission to leave the classroom/school.
10. We do our best in class
11. We take responsibility for your own work
12. We follow our Healthy Eating Policy.

These can be summed up as 6 Golden Rules:

1. We listen. We don't interrupt.
2. We are gentle. We don't hurt others.
3. We are honest. We tell the truth.
4. We are kind.
5. We work hard. We don't waste time.

6. We look after property. We don't damage things.

These 6 "Golden Rules" will be the main ones used for infant classes. Rules apply during school-time and during all school related activities.

### **Class Rules**

At the beginning of each academic year, the class teacher will draft a list of class rules with the children. These reflect and support the school rules, but are presented in a way that is accessible to the children. Class rules should be kept to a minimum and are devised with regard for the health, safety and welfare of all members of the school community. They should where possible emphasise positive behaviour (e.g. 'Walk' and not 'Don't run'). Rules will be applied in a fair and consistent manner, with due regard to the age of the pupils and to individual difference. Where difficulties arise, parents will be contacted at an early stage.

Sporting events – children are expected to behave in a manner that is respectful of their team mates, referees and other teams while participating in all sporting events. Children should always show an understanding that having fun is the most important part of such events and not winning.

## **Code of Discipline**

### **Incentives**

Part of the vision of Letterfrack NS is to help children achieve their personal best - academically, intellectually and socially. We recognise that there are many different forms of intelligence and that similarly children use a variety of approaches to solve problems. Reward systems which are based on academic merit or particular extrinsic goals continuously apply to only a limited number of children and undermine the individuality of children. All children deserve encouragement to attain their own best. Children will be encouraged, praised and listened to at all times by adults in the school. Praise is earned by the maintenance of good standards as well as by particularly noteworthy personal achievements. Rates of praise for behaviour should be as high as for work.

The following are some samples of how praise might be given;

- A quiet word or gesture to show approval
- A comment in a pupil's exercise book
- A visit to another member of Staff or to the Principal for commendation
- A word of praise in front of a group or class
- A system of merit
- Delegating some special responsibility or privilege
- A mention to parent, written or verbal communication.

Field trips, annual school tours and our end of year special event will be reserved for those who have consistently strived to behave well.

### **Unacceptable Behaviour**

Three levels of misbehaviour are recognised: Minor, Serious and Gross. All everyday instances of a minor nature are dealt with by the class teacher, or the supervising teacher at break-times. In cases of repeated serious misbehaviour or single instances of gross misbehaviour parents will be involved at an early stage and invited to meet the teacher and/or the principal to discuss their child's behaviour.

Examples of minor misbehaviour include:

- Bringing electronic equipment or mobile-phones to school and not leaving them turned off in the office
- Not following healthy eating policy; bringing in chewing-gum
- Not following instructions
- Not doing homework

Examples of serious misbehaviour include:

- Behaviour that is hurtful (including bullying, harassment, discrimination and victimisation)
- Behaviour that interferes with teaching and learning
- Threats or physical hurt to another person
- Damage to property
- Theft
- Bringing dangerous equipment to school
- Leaving school/school activities without permission.

Examples of gross misbehaviour include:

- Assault on a teacher or pupil
- Serious Theft
- Serious Damage to property
- Serious bullying
- Carrying drugs, alcohol, cigarettes

Bullying is repeated aggression – physical, verbal or emotional - conducted by an individual or group against another or others.

- PHYSICAL: includes pushing, shoving, punching, kicking, poking, tripping, etc.
- VERBAL: name calling which hurts, insults or humiliates.
- EMOTIONAL: threats or persistent hurtful remarks regarding sensitive areas e.g. appearance, dress, progress, colour, culture and disability. Isolating or shunning a child. Threats to extort money or possessions. "Cyber/text" bullying.

The school takes particular care to intervene early in responding to the needs, fears or anxieties of individual members in a sensitive manner.

Issues in relation to Bullying are explored continually during SPHE lessons and using Circle Time, Drama etc.

*Should a parent/guardian have any concerns which need to be discussed with a teacher, all staff members are more than willing to facilitate a meeting, made through the proper channels i.e. a phone call to the office, or a note to the class teacher to arrange a convenient time for both parties. The first person to be informed should be the class teacher.*

This arrangement ensures that all concerns are dealt with in a dignified, meaningful manner, without infringing on valuable teaching time. Isolated incidents of aggressive behaviour, while not to be condoned, cannot be described as bullying ( please see our anti-bullying policy).

*In the case where a parent reports a bullying incident, the school reserves the right to inform the relevant parties of the identity of the person making the complaint, when this is deemed necessary.*

### **Sanctions**

The purpose of a sanction is to bring about a change in behaviour by:

- helping students to learn that their behaviour is unacceptable
- helping them to recognise the effect of their actions and behaviour on others
- helping students (in ways appropriate to their age and development) to understand that they have choices about their own behaviour and that all choices have consequences
- helping them to learn to take responsibility for their behaviour.

A sanction may also:

- reinforce the boundaries set out in the code of behaviour
- signal to other students and to staff that their wellbeing is being protected.

In instances of more serious breaches of school standards, sanctions may be needed to:

- prevent serious disruption of teaching and learning
- keep the student, or other students or adults, safe.

The following steps will be taken when a child behaves inappropriately. The list is by no means exhaustive. Teachers may put in place alternative measures bearing in mind the circumstances involved. The aim of any sanction is to prevent the behaviour occurring again and if necessary to help the pupil devise strategies for this.

1. Reasoning with pupil
2. Verbal reprimand including advice on how to improve
3. Temporary separation from peers within class and/or temporary removal to another class
4. Prescribing extra work/ writing out the story of what happened
5. Loss of privileges
6. Detention during break or after school
7. Communication with parents
8. Referral to Principal
9. Principal communicating with parents

10. Internal suspension is when a pupil is removed from their own base class and is placed in another class for up to three school days. This will be activated when all other sanctions have been exhausted or when a serious of misbehaviour occurs
11. Exclusion (Suspension or Expulsion) from school (in accordance with Rule 130 of the Rules for National Schools as amended by circular and Education Welfare Act 2000)

Usually sanctions will relate as closely as possible to the behaviour. Pupils will not be deprived of engagement in a curricular area except on the grounds of health and safety. High-vis vests may also be used on the grounds of health and safety for students who have shown themselves to be a flight risk or a danger to themselves or others on yard.

### **Suspension and Expulsion**

Before serious sanctions such as detention, suspension or expulsion are used, the normal channels of communication between school and parents will be utilised. Where it is proposed to detain a pupil after school hours, the parents or guardians will be notified. Communication with parents may be verbal or by letter depending on the circumstances.

For gross misbehaviour or repeated instances of serious misbehaviour suspension may be considered. Parents concerned will be invited to come to the school to discuss their child's case. Aggressive, threatening or violent behaviour towards a teacher or pupil will be regarded as serious or gross misbehaviour.

Where there are repeated instances of serious misbehaviour, the Chairperson of the Board of Management will be informed and the parents will be requested in writing to attend at the school to meet the Chairperson and the principal. If the parents do not give an undertaking that the pupil will behave in an acceptable manner in the future the pupil may be suspended for a period. Prior to suspension, where possible, the Principal may review the case in consultation with teachers and other members of the school community involved, with due regard to records of previous misbehaviours, their pattern and context, sanctions and other interventions used and their outcomes and any relevant medical information. Suspension will be in accordance with the Rules for National Schools and the Education Welfare Act 2000.

In the case of gross misbehaviour, where it is necessary to ensure that order and discipline are maintained and to secure the safety of the pupils, the Board may authorise the Chairperson or Principal to sanction an immediate suspension for a period not exceeding three school days, pending a discussion of the matter with the parents.

Expulsion may be considered in an extreme case, in accordance with the Rule for National Schools and the Education Welfare Act 2000. Before suspending or expelling a pupil, the Board shall notify the Education Welfare Officer in writing in accordance with Section 24 of the Education Welfare Act.

### **Removal of Suspension (Reinstatement)**

Following or during a period of suspension, the parent/s may apply to have the pupil reinstated to the school. The parent/s must give a satisfactory undertaking that a suspended pupil will behave in accordance with the school code and the Principal must be satisfied that the pupil's reinstatement will not constitute a risk to the pupil's own safety or that of the other pupils or staff. The Principal will facilitate the preparation of a behaviour plan for the pupil if required and will re-admit the pupil formally to the class.

### **Children with Special Needs**

All children are required to comply with the code of behaviour. However the school recognises that children with special needs may require assistance in understanding certain rules. Specialised behaviour plans will be put in place in consultation with parents and the class teacher, learning support/ resource teacher, and or principal will work closely with home to ensure that optimal support is given. Cognitive development will be taken into account at all times. Professional advice from psychological assessments will be invaluable.

The children in the class or school may be taught strategies to assist a pupil with special needs adhere to the rules and thus provide peer support. This will be done in a supportive and safe way, acknowledging and respecting the difference in all individuals.

### **Communicating with Parents**

Communicating with parents is central to maintaining a positive approach to dealing with children. Parents and teachers should develop a joint strategy to address specific difficulties, in addition to sharing a broader philosophy which can be implemented at home and in school.

A high level of co-operation and open communication is seen as an important factor encouraging positive behaviour in the school. Structures and channels designed to maintain a high level of communication among staff and between staff, pupils and parents have been established and are being reviewed regularly.

Parents are encouraged to talk in confidence to teachers about any significant developments in a child's life (in the past or present), which may affect the child's behaviour.

The following methods of communication are to be used within the school:

- Informal/formal parent/teacher
- Through children's classroom email
- Letters/notes from school to home and from home to school
- Newsletters/school web-site/e-mails
- TextaParent service.

## **Code of Conduct for Parents**

Parents are expected to:

- Ensure their children attend school and are punctual
- Equip pupils with appropriate school materials, a sufficient healthy lunch
- Be courteous towards pupils and staff
- Make an appointment to meet with a teacher/the Principal through the office
- Respect school property and encourage their children to do the same
- Label pupils coats and other personal property
- Strictly supervise pre-school children, when in the school.

As the Board of Management is responsible for the Health & Safety of all staff and students, parents are requested not to approach or reprimand another person's child on the school premises. Also, matters arising in school, at school events or relating to school should be dealt with by the school. The Board of Management strongly condones parents taking matters into their own hands.
